Education is
what remains
after one has
forgotten what
one has learned
in school.

Albert Einstein

Hi All!

Saw us on campus before? Wondering who we are? Well, wonder no more. We are your friendly YouthSpace officers from MENDAKI. YouthSpace is a great spot in ITE where you can kick back and relax in between classes. We also organise fun activities for students and learning opportunities where you get to discover new skills and competencies.

Our team has worked hard to put together this toolkit for you. Through this toolkit, you will learn about future landscapes and how they impact you. Discover also the different pathways and opportunities to maximise your potential within and beyond ITE.

We are here to support and journey with you. So do not be afraid to approach us @YouthSpace. We will be happy to chit chat and help you prepare for your future. We look forward to meeting and getting to know you better.

Love,
Your YouthSpace Officers

HOW TO BE READY FOR YOUR FUTURE

FUTURE WORK TRENDS

More jobs will be created in the future!

By 2022, **0.98 million jobs** will be replaced by machines while **1.74 million new jobs** will be created—some of these jobs do not even exist today!

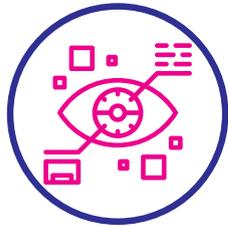

Employment will increase from 16% to 27% in the new job sectors.

FUTURE JOBS WILL BE POWERED BY

DIGITIZATION

All information will be processed by computers

AUGMENTATION

(technological enhancements)
New jobs that support the role of technology

MOBILIZATION

Making better use of resources

AUTOMATION

Use of automatic machines to do work

There will be more digitally-enabled, non-traditional forms of work.

Rise of the On-Demand Economy: There will be more temporary positions where work will be short-term or on a freelance basis. You have the choice to do more than one job for work!

THE JOBS LANDSCAPE IN 2022

Emerging roles, global change by 2022

300 Million will be created

75 Million will be replaced

TOP 10 EMERGING

- 1 Data Analysts and Scientists
- 2 AI and Machine Learning Specialists
- 3 General and Operations Managers
- 4 Software and Application Developers and Analysts
- 5 Sales and Marketing Professionals
- 6 Big Data Specialists
- 7 Digital Transformation Specialists
- 8 New Technology Specialists
- 9 Organisational Development Specialists
- 10 Information Technology Services

TOP 10 DECLINING

- 1 Data Entry Clerks
- 2 Accounting, Bookkeeping and Payroll Clerks
- 3 Administrative and Executive Secretaries
- 4 Assembly and Factory Workers
- 5 Client Information and Customer Service Workers
- 6 Business Services and Administration Managers
- 7 Accountants and Auditors
- 8 Material-Recording and Stock-Keeping Clerks
- 9 General and Operations Managers
- 10 Postal Service Clerks

SCAN TO WATCH A VIDEO ON HOW THE FUTURE OF WORK COULD LOOK LIKE

TODAY VS TOMORROW

CURRENT JOB	REPLACED WITH
Telemarketers	Chatbots
Waiters	Table Delivery Drones
Travel Agents	Travel Booking Apps
Chefs	3D Food Printing
Sports Referees	Video Technology
Journalists	AI Writers
Financial Analysts	Machine Learning Tools
Lawyers	Legal AI Softwares
Doctors	Surgical Robots

HOW THE FUTURE OF WORK WILL BE

TRANSPARENT
How well you work can be easily measured

FLAT
You can work from anywhere, not just in an office

COMPETITIVE
Crowdsourcing will be common, you can get jobs anywhere in the world and you can learn new skills online

ON DEMAND
Work will be project-based and freelance, and you will work with a virtual team made of people from other parts of the world

WHAT'S IN IT FOR YOU?

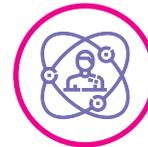

Able to work independently

More flexible hours and arrangements

Earn based on how well you perform

Gain more experience quickly through short-stint projects

Able to apply creative thinking and innovation in tasks assigned

Opportunity to work with people from around the world and gain new perspectives

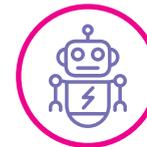

HOW DOES THIS IMPACT YOU?

Jobs that are routine and straightforward will be replaced by automation

Computers are programmed to do routine work

Middle-skilled jobs (e.g. driving) can be automated

Even jobs that need thinking and analysis (e.g. banking, research, financial investing, accounting) may be automated

New jobs that require social networking and human interaction will complement automated tasks

“The only skill that will be important in the 21st century is the skill of learning new skills. Everything else will become obsolete over time.”

Peter Drucker

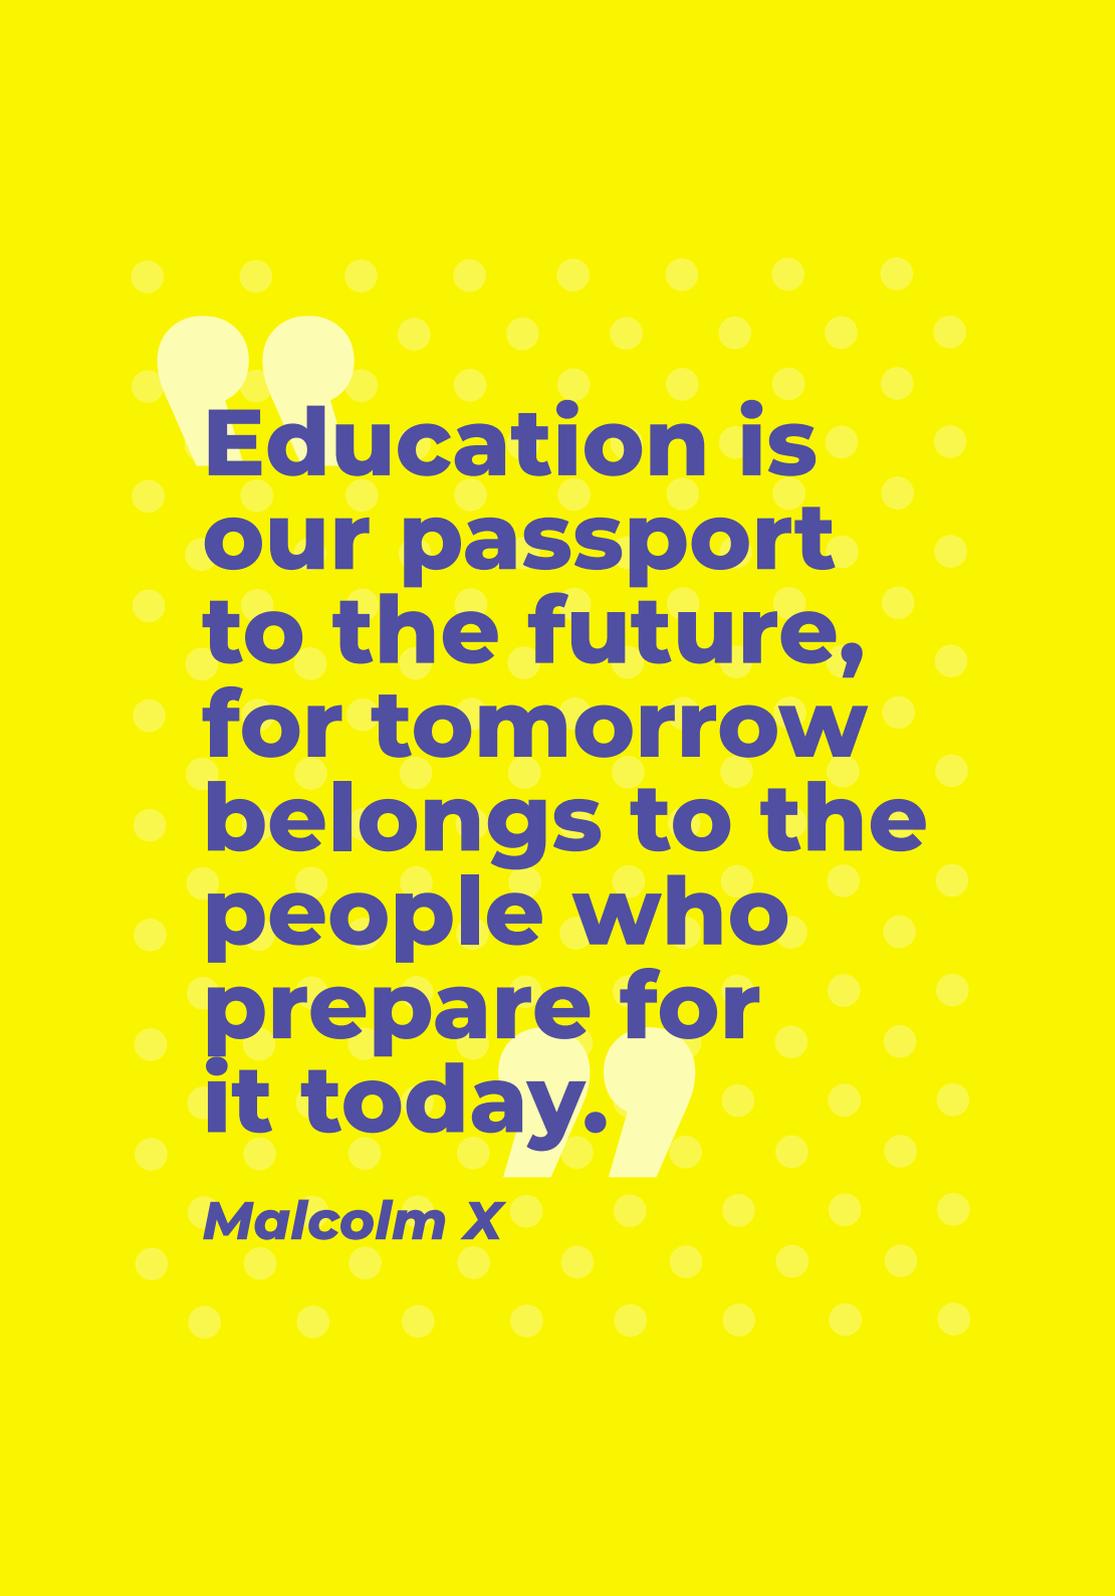

TYPE OF JOBS THAT MAY BE REPLACED BY MACHINES

	ROUTINE	NON-ROUTINE
COGNITIVE Work that needs thinking and reasoning	<p>Jobs that follow an orderly system and require knowledge</p> <p>E.g. Record-keeping, customer service</p> <p>AUTOMATION RISK: Already highly automated</p>	<p>Jobs that do not follow an orderly system and require knowledge</p> <p>E.g. Medical diagnosis, legal writing</p> <p>AUTOMATION RISK: Low, but growing</p>
MANUAL Work that needs hands-on activities	<p>Jobs that follow an orderly system and need physical labour</p> <p>E.g. Assembly, manufacturing</p> <p>AUTOMATION RISK: Ranges from moderate to highly automated</p>	<p>Jobs that do not follow an orderly system and require physical labour</p> <p>E.g. Driving, cleaning services</p> <p>AUTOMATION RISK: Moderate and growing</p>

CHECKLIST FOR THE FUTURE

21st CENTURY SKILLS		
Foundational Literacies The core skills you need for everyday tasks	Competencies The skills that help you solve complex challenges	Character Qualities Values to help you adapt to a changing environment
<p>Literacy & Numeracy Understanding language and numbers as fundamental knowledge</p> <p>Scientific Literacy Understanding scientific knowledge to carry out tests to solve problems</p> <p>Financial Literacy Knowing how to apply numeracy in basic financial practice</p> <p>Information & Communication technologies Literacy Knowing how to use technology to find and share information to solve problems</p> <p>Cultural & Civic Literacy Understanding, analysing and appreciating what is acceptable in society</p>	<p>Creativity Being innovative and applying knowledge to solve problems</p> <p>Critical Thinking Knowing how to identify, analyse and evaluate problems</p> <p>Communication & Collaboration Working with others collectively</p>	<p>Curiosity & Initiative Asking the right questions that lead to solving problems</p> <p>Persistence & Adaptability Knowing how to change tasks and plans depending on different situations</p> <p>Leadership & Social and Cultural Awareness Knowing how to work appropriately in different groups and environments</p>

**Education is
our passport
to the future,
for tomorrow
belongs to the
people who
prepare for
it today.**

Malcolm X

HOW TO ENJOY LEARNING IN ITE

YOUTHSPACE@ITE

YouthSpace serves as a Future Ready Hub to equip students with skills and competencies for the future economy. Our YouthSpaces offer mentoring services to help students envision their education and career goals and we refer students to available resources for career guidance and support.

Come visit us at YouthSpace@ITE to find out more about the exciting programmes and activities we have planned to help equip you for the future.

If you and your friends would like to find out more about YouthSpace@ITE, just contact any of our YouthSpace Officers below!

EDUCATION WITHIN ITE

TECHNICAL ENGINEER DIPLOMA (TED) and TECHNICAL DIPLOMA (TD)

- Conducted on a Semester-Based Credit System of Training (SCT)
- Courses are structured into a series of modules and credits are assigned to each module
- Students will be awarded the full certificate once they have met the credit requirements
- The top 5% of graduates with a cumulative GPA of 3.5 and above, and have passed all modules on the first attempt, will be awarded the Diploma with Merit.

There are 2 TED courses and 1 TD course currently offered at ITE

TED in Machine Technology	TED in Automotive Engineering	TD in Culinary Arts
The Technical Engineer Diploma (TED) in Machine Technology and Automotive Engineering are both awarded by the Ministry of Education, Youth & Sports (MEYS) and Baden-Württemberg from Germany		The Technical Diploma (TD) in Culinary Arts is awarded by Institut Paul Bocuse from France
Career prospects in the machinery and systems industries as an Assistant Engineer, Supervisor, etc.	Career prospects as a Service Advisor, Automotive Technical Executive, Automotive Workshop Manager etc.	Career prospects as a Chef De Partie, Assistant Chef, Restaurant Supervisor, Assistant Manager etc.

WORK LEARN TECHNICAL DIPLOMA (WLTD)

- Provides additional pathways for skills upgrading and career progression for ITE graduates
- Duration of 2.5 - 3 years
- Open to Nitec and Higher Nitec students

How will the course benefit you?

- Learning through application and guidance from qualified and experienced trainers
- On-the-job training for relevant skillsets
- Career advancement and wage progression based on performance during the course of training
- Enjoy employee benefits given by participating companies

What is DPP?

- Allows secondary 4N(A) students to be admitted directly into a two-year Higher Nitec programme at the ITE without having to sit for the 'O' level exams or undergo a Nitec Programme
- Based on GCE N(A) Level results
- 10-week preparatory course

How To Qualify (excluding CCA bonus points)

- For Applied Sciences, Engineering, and Info-Communications Technology ≥ 2.5 GPA
- For Business & Services ≥ 3.0 GPA

Scan to view eligible courses

EDUCATION BEYOND ITE

Here are some pathways you can explore to further your studies after graduating from ITE

Earn and Learn Programme (ELP)	EARLY ADMISSIONS EXERCISE (EAE) TO POLYTECHNICS
<ul style="list-style-type: none"> Getting matched to a job based on the course of study 12-18 month structured training programme facilitated by a mentor Open to Singaporeans and Singapore Permanent Residents who have graduated from ITE or Polytechnic not more than 3 years or 36 months from the ELP application date. For NSmen, the period of application must be within 36 months of their Operationally Ready Date (ORD). <p>How will the course benefit you?</p> <ul style="list-style-type: none"> Gain relevant industry experience and skills Gain industry-recognised qualification and certification Receive a sign-on incentive of S\$5,000 Competitive starting salary and full-time job with participating companies On-the-job training for relevant skillsets Career advancement and wage progression based on performance during the course of training <p>Scan to apply:</p> 	<p>What Is EAE?</p> <ul style="list-style-type: none"> Aptitude-based polytechnic admission prior to receiving final examination grades EAE takes up to 15% of polytechnic intake <p>Who Is Eligible?</p> <ul style="list-style-type: none"> Final year Nitec and Higher Nitec students <p>How To Qualify?</p> <ul style="list-style-type: none"> Eligible students may apply with the Polytechnics Shortlisted applicants will be interviewed Admission may be based on the following: <ul style="list-style-type: none"> Sports, Arts, Leadership, Entrepreneurship Community Service CCA Advanced Elective Module Applied Learning Programme and Applied Subjects Work Attachments and Sustained Projects

STAYING RELEVANT THROUGH LIFELONG LEARNING

You shouldn't limit your learning to the classrooms. You can now access knowledge on a wide variety of topics right from home, with the Massive Open Online Courses (MOOC).

MOOC offers online lectures, videos and reading materials as well as collaborative learning content derived from online discussions and forums.

Popular MOOC Platforms include:

1. Coursera: <https://www.coursera.org/>
2. edX : <https://www.edx.org/>
3. Udacity : <https://www.udacity.com/>
4. Khan Academy : <https://www.khanacademy.org/>

Why You Should Learn Using MOOC:

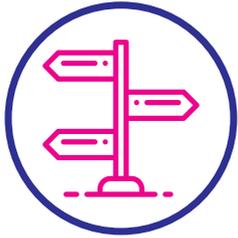

- Courses are FREE
- Courses are offered by professors from top schools
- Courses are available to a diverse global audience
- Monitor your performance easily with data captured throughout the course
- Get worldwide exposure and knowledge sharing

RESOURCES FOR ITE STUDENTS

YOUTHSACE@ITE

- Located at every ITE campus
- Manned by two full-time staff during school hours
- Open to all ITE students
- Take part in workshops and activities that equip you with skills and competencies for the future
- Take part in workshops to boost your confidence and help you in setting goals for the future
- Participate in team bonding activities both within and beyond campus
- Our YouthSpace Officers are always there if you need someone to talk to and listen to any challenges you may be facing

EDUCATION AND CAREER GUIDANCE CENTRE (ECG)

- Located at every ITE campus
- Assess your strengths, interests, personality and aspirations with the personality assessment tools
- Take part in workshops to discover your education and career pathways
- Get advice on job searching and practice interview skills
- Join personal development workshops such as resume writing, personal branding and networking

MYSKILLSFUTURE PORTAL

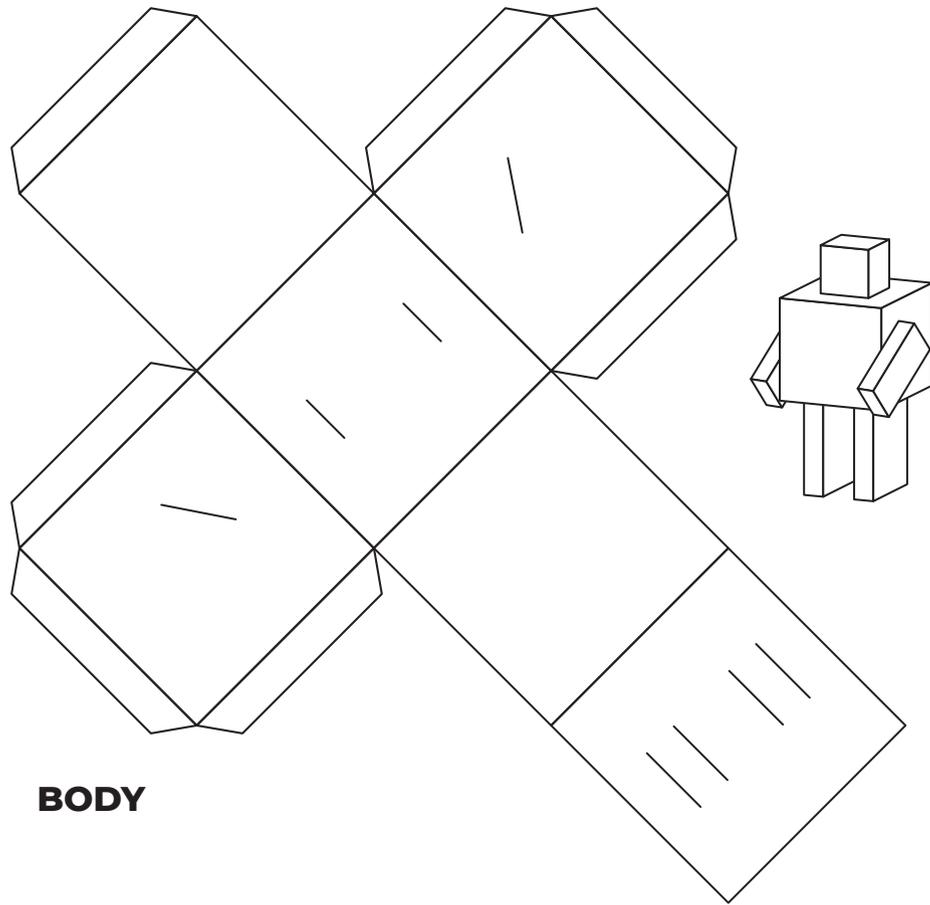

- Discover more education and career paths after graduation
- Learn the skills required for your desired job
- Find courses to pick up relevant skills
- Get tips on resume and cover letter writing, and interview skills
- Learn about the new and emerging industries

You can't put a limit on anything. The more you dream, the farther you get.

ANALYST

INTJ

Imaginative and strategic thinkers, with a plan for everything.

INTP

Innovative inventors with an unquenchable thirst for knowledge.

ENTJ

Bold, imaginative and strong-willed leaders, always finding a way - or making one.

ENTP

Smart and curious thinkers who cannot resist an intellectual challenge.

DIPLOMAT

INFJ

Quiet and mystical, yet very inspiring and tireless idealists.

INFP

Poetic, kind and altruistic people, always eager to help a good cause.

ENFJ

Charismatic and inspiring leaders, able to mesmerise their listeners.

ENFP

Enthusiastic, creative and social free spirits, who can always find a reason to smile.

SENTINELS

ISTJ

Practical and fact-minded individuals, whose reliability cannot be doubted.

ISFJ

Very dedicated and warm protectors, always ready to defend their loved ones.

ESTJ

Excellent administrators, unsurpassed at managing things - or people.

ESFJ

Extraordinarily caring, social and popular people, always eager to help.

EXPLORERS

ISTP

Bold and practical experimenters, masters of all kinds of tools.

ISFP

Flexible and charming artists, always ready to explore and experience something new.

ESTP

Smart, energetic and very perceptive person, who truly enjoy living on the edge.

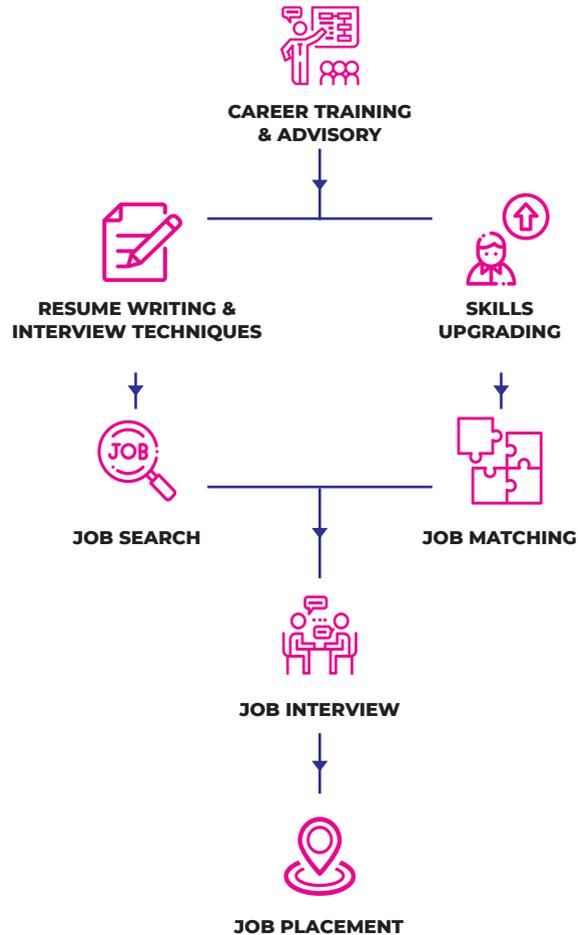

ESFP

Spontaneous, energetic and enthusiastic entertainers - life is never boring around them.

YOUR JOB SEARCH GUIDE

If you need help, MENDAKI SENSE can assist you with these services:

Need more help in:

1. Finding the right job?
2. Finding the right courses for upgrading or learning new skills to increase your chances at a dream job?
3. Looking for a career fair in your interested industry?

Visit the **MENDAKI SENSE** website to kickstart your dream career!

ONLINE JOB PORTALS FOR MILLENNIALS

Here are a list of job portals you may check out to help you find your dream job beyond the traditional job portals that are well-known by your peers.

LinkedIn
Discover the profile of people working in different companies and the skills they possess that help them qualify for their jobs

Wanted.Jobs
Referral-based job platform that increases your chances of securing a job

Indeed.com.sg
Showcases job vacancies from multiple job portals so you can discover many openings in one place

Internships could help you gain valuable work experience that may enhance your employability chances. For internship opportunities, you may check out these online portals.

Glints
Specialises in internships and entry-level jobs not just in Singapore, but within the region

InternSG
Participate in an Internship Placement Programme in a range of industries. The short-term internship period is ideal for picking up new skills and gain work experience during the school vacation.

For those aspiring to chart your own path by starting your own businesses, you may check out this online portal.

Startupjobs.asia
Discover openings in Asia's hottest startups and gain highly valuable work experience

WHAT MAKES GOOD PERSONAL BRANDING?

Your Values. Your Strengths. Your Contributions.

- **Highlight your unique talents and skills** to show how you can add value to a company.
- Ask yourself **what defines you** and **what you want people to remember you for**.
- Find out about your **prospective employers** and how you can **make them interested in hiring you** for your skills.
- Know how to present yourself both **online** and **in person**. **Consistency** is key to good personal branding.

INTERVIEW TIPS FOR BEGINNERS

1. **Show your confidence** through your standing posture, a firm handshake and a smile.
2. **Dress appropriately** for interviews.
3. **Showcase your strengths and abilities** through your answers.
4. **Come prepared** with answers to commonly asked questions.
5. **Ask questions** about the job to show your interest and find out if the company is a right fit for you.

NETWORKING FOR BEGINNERS

- **Make genuine contacts** and **build long term relationships** with people who can help you directly or connect you with others who can
- Successful networking helps you get **referrals, advice, connections and professional support**
- Your networking list should include **people from your social network** as well as any **organisations you socialise with** personally and professionally

NEVER STOP UPGRADING YOUR SKILLS

Stay ahead of the game and attend skills upgrading courses such as those offered by **SkillsFuture SG** and **MENDAKI SENSE**.

COURSES OFFERED BY MENDAKI SENSE

Service Excellence

Equip and prepare trainees with skills for career in the service line.

Leadership & People Management

With the course, trainees will be able to possess the right capabilities and leadership qualities to lead the team.

Employability Skills

Equip individuals with skills to adapt and be resilient to challenges in this globalised and dynamic working environment.

Workplace Literacy and Numeracy (WPLN) Series

Equip trainees with basic skills and knowledge that are essential for both daily work and life. Trainees will be able to improve and develop their English reading, listening, speaking and writing or Mathematics skills.

I.T. & Computer Skills

Trainees will be able to refresh their Word processing, Presentation or Spreadsheet skills and take advantage of the technology to improve daily work/life.

Digital Skills

Learn how marketing has evolved with new media and understand the basic know-hows, like the different platforms and tools to use and how it can benefit you in your daily work/life.

Skillsfuture for Digital Workplace

Helps to prepare participants with mindset and skills for the future economy such as understanding new technology and the impact, and making use of new opportunities in the future.

GOAL SETTING

STAGE 1

Where You Are Now (Self-Assessment)

Examine your current situation to identify your aspirations, interest, values and capabilities and to achieve clarity in your current standing.

Identify the potential areas for development or improvements to reach where you want to be.

STAGE 2

Where You Want To Be (Goal)

Set SMART (Specific, Measurable, Achievable, Relevant and Timely) Goals:

Specific

- Identify a clear outcome that you want to achieve.
- When drafting your goal, try to answer the 5 “W” questions:
 - What do I want to accomplish?
 - Why is this goal important?
 - Who is involved?
 - Where is it located?
 - Which resources are involved?

Measurable

- Measurable goals track your progress and make you stay motivated
- A measurable goal addresses questions such as:
 - How will I know when I have accomplished it?
 - How much or how many have I accomplished?

Achievable

- Set realistic goals that you are able and motivated to achieve
- Set an achievable goal by answering the “H” question
 - How can the goal be accomplished?

Relevant

- Your goal must represent an objective toward which you are both willing and able to work towards

STAGE 2 (CONT'D)

Timely

- Establish a time frame to stay committed and focus your efforts on completion of the goal
- To set a timely goal, you must answer the sixth “W” question
 - When will you complete this by?

STAGE 3

How To Get There (Progress Initiation)

Translate your plans on paper and show how you are going to achieve the different stages

Step 1:

Create short, mid and long-term goals (milestones).

Step 2:

Make sure each milestone is achievable and relate to your longer-term goals.

Step 3:

Once you achieve milestone, see how close you are to the long-term goal.

Step 4:

Remember to celebrate the success of each short and mid-term goal. Every small step is a step closer to your long-term goals!

“You don’t have to be great to start, but you have to start to be great”

Zig Ziglar

My Ultimate Career Goal:

My strength:

Things I need to improve on:

How will I reward myself upon completing my short-term goal?

My Ultimate Career Goal:

To reach my ultimate goal, what do I need to do in the short-term?
(Tip: This could include factors including academic or personal actions that need to be taken)

MENDAKI'S FUTURE READY INITIATIVES

Come join MENDAKI's Future Ready Initiatives

Future Ready Nextstop Seminar

An engagement series to encourage youths to envision and plan their future in an ever-changing economy. Hands-on and interactive activities, with emphasis on emerging and popular technology, are rolled out to encourage participants to maximise SkillsFuture and other national initiatives in the spirit of inculcating lifelong learning.

"Future of..." Series

The Future of...Series (FOS) is an industry-specific initiative to facilitate informal conversations between youth and industry leaders on the changing work landscapes and how youth can best prepare themselves before embarking on their careers. FOS aims to strengthen youths' holistic development by creating awareness of the future economy and cultivate the essential 21st-century competencies.

Youth will be able to engage with industry professionals and learn from their experience, gain advice and tips on the future job landscape, establish networks and build social capital through participation in the FOS sessions. Look out and join us for the upcoming sessions.

How you can gain from attending the initiatives?

- ✓ Get to network with industry professionals and experts
- ✓ Discover academic and career pathways
- ✓ Gain insights on how to stand out and get ahead in the future economy

Scan the QR code below to subscribe to our mailing list and stay updated of upcoming Future Ready initiatives!
