MEDIA ADVISORY

BRUNCH WITH MENDAKI: REFRAME YOUR MIND FOR PSLE

For the first time since 2011, some 300 parents with their Primary 5 and 6 children will turn Brunch with MENDAKI into a **weekend learning affair for the whole family**. For those with children who are not in Primary 5 and 6, a separate learning activity will be offered to them.

This is a **unique feature of this year's Brunch with MENDAKI where parents and students will be engaged in separate activities**.

The Brunch that will be held on Sunday, 15 May 2016 at the Lifelong Learning Institute will drive the message of **parents playing an integral role in supporting their children's development and academic pursuit**. With the **focal point on parents as the supporting pillars throughout their child's life journey**, the Brunch will also feature a spread of breakout sessions by speakers ranging from life mentors to educators. They will have the opportunity to choose from four interactive breakout sessions to gain tips and build ideas on topics such as **active parenting, choosing secondary schools, managing time and stress, as well as being mentors to their child**.

Minister for Communications and Information, Minister-In-Charge of Cyber Security and Minister-In-Charge of Muslim Affairs will be present to give his support and motivation to the parents.

We cordially invite your reporters, cameraman and photographers to lend us coverage during this event. There will be photo opportunities of Dr Yaacob Ibrahim and participants will also be made available.

Details of the visit are as follows:
