**BRUNCH WITH MENDAKI – NURTURING A LEARNING MINDSET IN FAMILIES**

Aligned to the government’s push on the importance of lifelong learning, MENDAKI once again organises the Brunch with MENDAKI series. This year’s Brunch will focus on parents with pre-schoolers as well as those with school-going children. Entitled Nurturing a Learning Mindset in Families, the seminar aims at providing parents with simple yet effective strategies in cultivating a learner’s mindset and embracing lifelong learning as a way of life.

To further enhance the support, a Family Bonding Kit and the Education Seminar 2017 Compendium will be distributed. The Education Symposium Compendium is a compilation of all the presentations at the inaugural symposium in April this year. It also contains highlights of the discussions that took place. The set of information and the activities in the Family Bonding Kit will serve to aid parents supplementing the knowledge that will be shared by two well-known speakers within the community.

Mdm Nafisah Md Ma’mun Suhemi, a Principal Trainer and Behavioural Coach will share on effective family practices to nurture a learning mind set. Mr Mohd Ali Mahmood, CEO of PPIS with more than 18 years of experience working with families will focus on aspects of positive parenting in nurturing values in children.
