## **MEDIA ADVISORY**

### **MENDAKI YouthSpace @ ITE College East Engaging Students to be Future Ready**

Yayasan MENDAKI will officially launch its second Youth Space at the Institute of Technical Education (ITE) College East campus this **Friday, 18 August 2017**. This partnership with ITE allows students easier access to educational programmes and strengthens engagement to promote future readiness.

The Youth Space initiative was launched in 2015 to reach out to and engage ITE students during and beyond their curriculum hours. It offers developmental activities such as coaching and mentoring on relevant skills for the future working landscape. The space is open to students of all races and plays an important role in the students' progress as they make full use of the opportunities available to support their learning and progression into the workforce.

Minister for Communications and Information, Minister-In-Charge of Cyber Security and Minister-In-Charge of Muslim Affairs, Dr Yaacob Ibrahim, will be officiating the launch as the Guest-of-Honour.

Your reporting crew is invited to cover the event.

Details of the event are as follows:
