

**YAYASAN MENDAKI's Strategic Plan**  
**2023 to 2025**

- 1. In building and expanding capabilities making MENDAKI more accessible for all, we will:**
  - Form strategic collaborations with national agencies and community partners to engage our community
  - Strengthen public awareness of pre-school programmes and the importance of preschool education
  - Adopt AI to enhance delivery and learning of MENDAKI Tuition Scheme
  - Work with local ground partners to get more spaces for our educational programmes
  - Strengthen stakeholders mapping and management to better retain and recognise partners
  
- 2. In supporting students' pathways to success, we will:**
  - Strengthen the implementation of mentoring programmes
  - Invite more corporates to support mentoring programmes
  
- 3. In grooming the next generation of Community Leaders, we will:**
  - Set up new Professional Networks in growth sectors
  - Ensure members in Professional Networks are nurtured as assets so that they can be role models to our Community
  
- 4. In adopting data-driven, evidence-based approach, we will:**
  - Carry out and publish original research pertaining to key community issues
